Charity & Care Insurance

Our experience and understanding of care organisations, not for profit companies and charities means that we can offer bespoke insurance programmes to our clients which protect against the risks they face.

Charity and Care Insurance

At Sentio Insurance Brokers we have an understanding of and experience in dealing with charities, care and not for profit organisations. We are passionate about supporting them and our staff have personal involvement in such organisations, which we actively promote. We pride ourselves in taking time to understand exactly what our clients do and the services they deliver to ensure that they can effectively manage their risks and mitigate their risk exposures.

Charities and Not for Profit Organisations

We work with a diverse range of charities and NGOs, particularly military charities

- We take time to understand our clients, the environment they operate in, the services they deliver and the risk exposures they face
- We design and implement insurance and risk management programmes to mitigate our clients' exposures and enable them to concentrate on delivering their objectives
- We know every penny counts and work tirelessly to ensure premiums are competitively priced

Care Organisations

The risk exposures and regulations within the care sector are becoming ever greater and more complex, which is why you need a broker who understands these and can deliver practical solutions to protect and mitigate them.

In addition to this, insurers are relying more and more on CQC reports to rate the premiums they provide and extent of cover given, which makes it essential for effective risk management to be blended into day to day operations to reduce exposures.

We assist with insurance for:

- Building and Contents
- Trustee and Entity Liability
- Business Interruption
- Crime & Money
- Public & Employers Liability
- One off event insurance
- Professional Indemnity
- Cyber Risks
- Fundraising Activities
- Employers' Liability (and volunteers)
- Employment Practices Liability (disputes)
- Motor
- Travel Personal Accident
- Legal Expenses
- Many other specific covers if the risk exposure exists in the organisation
